

School Improvement Plan Overview For Parents

Our priorities for 2026-30 will be addressed in the following domains.

Our Vision

Is to partner with families to deliver learning that fosters student growth and equips them with the knowledge, skills, and disposition for success in the future.

Evangelisation and Catechesis: Grounded in Faith, Growing Together

By 2028 the charism of Peter will be embedded and alive across the College. By 2030, we will have a Christ-centred community, with a strong Catholic identity, unified in wellbeing, learning and faith.

Student Achievement: Shared Ambition; Equal Performance

By 2028, the College will continue to strengthen student achievement alongside similar schools.
By 2030, this sustained growth will position the College as a high-performing school within our area.

Wellbeing: Everyday Counts: Stronger Presence, Stronger Performance

By 2028, we will continue to build positive attendance habits across the school, with steady improvements in our junior years
By 2030, these strong routines will support high levels of attendance across all year groups, particularly in the senior years.

Pathways, Partnerships and Parish: Stronger Together, Forging Futures

By 2028 we will have deepened our partnership with our parish and feeder schools; by 2030 this will have extended this partnership to industry, community services and learning organisations.

Operational Efficiency: Optimisation, Productivity and Progress

By 2028, we will have developed a clear master plan to guide the future growth of the College. We will have strategies in place to provide clear pathways for students.

By 2030, we will utilise the collective resources of schools across our Precinct to support student learning and wellbeing.
